

# Gaelle's Gazette

Nationals Member for Northern Victoria

Autumn 2024

## BIG IDEAS FORUM

The inaugural Big Ideas forum will focus on Artificial Intelligence and how it will help regional Victoria prosper.

Join policy experts, members and local business leaders to learn how AI will change regional Victoria.

Head online and book your FREE ticket at [www.vicn.at/BigIdeasForum2024](http://www.vicn.at/BigIdeasForum2024)

**THE FUTURE OF ARTIFICIAL INTELLIGENCE IN OUR REGIONS**  
THE BIG IDEAS FORUM

Leading experts, innovators, and policymakers explore the transformative potential of AI in local communities.

## HUNTLY LISTENING POST

Recently, Tim McCurdy and I heard from the residents at Huntly about a number of issues.

Residents are deeply concerned about several key points including planning and development issues which has lead to a number of properties being flooded.

## REGIONAL SITTING OF THE LEGISLATIVE COUNCIL

Last week, the Legislative Council held a sitting in the Echuca Library.

The Nationals Team used this special regional sitting day to highlight issues where Labor is letting down regional Victorians, such as the under investment in our regions, the cuts to the roads budget and also highlight the need for a better process around the flood response from government agencies.

## UNDERFUNDED HEALTH SERVICES

In the Premier's own electorate, ambulances are being made to ramp for over 40 minutes.

It's not just in Bendigo either. Ambulances across the state are being made to wait in some cases hours, which is delaying them responding to other potentially life-threatening situations in the community.

This shows the terrible state our health system is in, leaving both paramedics and hospital staff incredibly frustrated.

Jacinta Allan cannot manage money, cannot manage projects and cannot manage our health system.

## UPCOMING LOCAL EVENTS

Would you like your local event promoted?

Let me know about your communities upcoming events so they can be promoted in our office and on my social media! I would also love to attend and see what Northern Victoria has to offer.

Go to my website, [www.gaëllebroad.com.au](http://www.gaëllebroad.com.au) to submit your event.

## INTERIM FLOOD REPORT TABLED

During the Regional Sitting in Echuca last week, the Committee's Interim Flood Report was tabled.

Many communities right across Northern Victoria have been affected by the floods, and desperately want to see the government commit to change to ensure all government agencies work together.

You can view the report online via Parliament's Website.
